# Put research into action. Pick the group that best describes you:

Click here if you need lesson plans, handouts, and activities for teens.

Click here if you need resources to help parents guide their teens.

Click here if you need information to support policy decisions at the national, state, or local level.

Click here if you need to learn all you can about driving or want to create positive change.

Click here if you need information to teach your teen to become a safe driver.

Click here if you need reliable sources of information on teen driving and to learn more about research.

**Download tools tailored to your unique needs.  
Watch videos. Grab stats and facts. Return often.**

**teendriversource.org**

The Web site you need to keep teens safe on the road.
