

YOU PLANNED FOR...

✓ PROM

✓ GRADUATION

✓ COLLEGE OR A NEW JOB

BUT YOU DIDN'T PLAN FOR THIS.

Deadly crashes can and do happen **every day**.

A teen dies in a traffic crash an average of **once every hour on weekends** and nearly **once every two hours during the week**.

The majority of teens killed in traffic crashes are not buckled up.

Wear your seat belt.

It can be the most important thing you plan for—your future.

BUCKLE UP AMERICA

There's just too much to lose.
